## Expected Lifetime of Product Information

### How often should you replace your equipment?

We provide postural control products that continue to meet and exceed the requirements and expectations of our customers. We achieve this by adhering to effective manufacturing processes developed from years of experience and our ISO 9001 Quality Management Systems. Every item is thoroughly quality checked during assembly and again at dispatch.

Depending on the individual, durability of the product will vary. Contributing factors that would increase noticeable wear and tear to the product include, but are not limited to – spasms and hard impact or constant, convulsive movements relating to muscular contractions or when used in a more challenging environment. In these cases we would expect and recommend the products are replaced every 12 months. Those users who remain in a static or in a less active position may expect to see less wear of the product. For these reasons we recommend regular checking of the product for wear and tear is carried out.

Care should also be taken to follow this User Information Guide to ensure the products are maintained according to instructions. The covers should be removed and sanitised immediately and replaced regularly for those that require support with continence, perspiration or any other excessive body fluids. Replacement covers can be ordered, and care should be taken when putting them on (see note of instructions). Our products should always be used with the correct cover.

**We strongly advise seeking guidance from a healthcare professional to ensure the product is assessed suitable to the individual needs and the use is regularly monitored.**

## Returns Policy

**Due to health and hygiene reasons we cannot accept returns, offer full refunds or exchanges for items that have been opened and / or removed from the original C&S Seating packaging.** Please ensure you have ordered the correct item before opening and removing from the packaging.

**In addition to your legal rights; if you have simply changed your mind,** we will offer a full refund, credit or exchange goods that we receive back unopened in the original C&S Seating packaging within 30 days of delivery. Please contact the office with your invoice number for advice on how to return your goods. You will still be charged for delivery and / or collection if you have changed your mind.

**If you believe your item has arrived damaged** – please contact the office immediately.
